CLIMATE STRATEGY PARTNERS

1. Climate-related R&I investment needs to grow by 1/3 to deliver net-zero emissions by 2050
2. Europe can build competitive advantages in many of the decarbonisation pathways
3. Innovation is required at many levels, not just in the production of new technologies, but in products, business models and in society
4. Public (1/3) and Private (2/3) R&I investments need to scale-up together
5. Five “sector decarbonisation missions” can combine to deliver Net-Zero 2050 outcomes
